Stiff Protests Follow Bombing of U. S. Vessel

AIR DERBY SPONSOR Government and Rebels in Spain Warned To Avoid Future Incident

WARSHIP FIRES BACK Shoots Nine Rounds at Plane That Had Dropped Six Bombs

By The Associated Press

The United States government sternly rebuffed the Spanish American de over de protest of protest to Madrid and to the American insurgents today.

The American government called on both the Madrid regime and the rebels to prevent another such incident.

As the Spanish air force telephoned to President Roosevelt from the midwest Secretary Hull announced that the Spanish government and the American government were being asked to instruct their armies in the strong terms to avoid a repeat of the incident.

Navy officers indicated a belief that American war vessels in Spanish waters would answer with renewed gunfire any further attack which might endanger them.

Whether such action would be necessary remained to be seen.

None ill vessel

The news that the Kane had been hit by six bombs and had answered with nine rounds from its anti-aircraft gun broke the Sunday calm of the state department yesterday. Officials were relieved to learn that none of the bombs hit the ship. The airplane also escaped without damage.

The case was labeled as one of mistaken identity. Hull said he believed that one faction in the Spanish conflict had mistaken the destroyer for a craft of the opposing faction.

The swift destroyer which left New York Aug. 17 under command of Lieut. Commander J. D. Abis to help evacuate American from Spain was speeding from Gibraltar toward Bilbao when the surprise attack occurred.

The American embassy at Madrid issued another of its many warnings to United States citizens to leave or remain on their own responsibility.

People Fire Iron

In a vicious attack on long-distance iron rebel planes blasted great holes in the streets as the city was being evacuated en masse.

Before the attack was begun more than 4,000 inhabitants had fled into France. Two women were killed by bombs.

Madrid meanwhile claimed important if bloody victories in the Guadarrama mountains north of the capital and in central southern Spain. The government announced rebels were repulsed in the Toledo sector although official circles earlier had acknowledged a rebel advance.

Other successes for the Socialist government militia were reported from the Basque provinces stronghold of the Basque army and foreign legion which revolted in Spain and Morocco more than six weeks ago.

To Bombard Madrid

From Burgos the rebels announced plans to continue bombardment of Madrid airports as a prelude to a final drive on the capital. Madrid itself was bombed Friday night and since has carried on the utmost precautions against new raids.

Scans Drouth Area While Keeping in Touch With Capital After Ship Bombing

TO ATTEND DERN FUNERAL Conferences Interrupted Until Thursday When He Will Meet Gov. Landon

By The Associated Press

SIDNEY, Neb. Aug. 31—President Roosevelt reached here at 11 a. m. today for an automobile tour of the drouth areas in western Nebraska.

Concerned over the attempted bombing of the American destroyer Kane off the Spanish coast, the President kept in constant communication with Washington. He was to resume his journey this afternoon toward Lake City to attend the funeral tomorrow of Secretary of War George H. Dern.

His drouth conferences will be interrupted until Thursday when he meets with Gov. Alf M. Landon of Kansas as Republican presidential nominee and the governors and senators of six other states at Des Moines, Ia.

Two Others Invited

Minnesota and Wisconsin governors who originally were to have conferred separately with the President were invited to the Des Moines meeting.

A two-hour stop at Julesburg, Colo. late Wednesday was added to the Presidential schedule.

The President received word of the attempted bombing of the destroyer in a telephone conversation with Secretary of State Cordell Hull last night at Rapid City, S. D., shortly after he had ended the unveiling high up on Mount Rushmore in the Black Hills of Gutzon Borglum's image of Thomas Jefferson.

Reporters were summoned by Marvin McIntyre, presidential secretary, to receive a summary of the incident.

McIntyre also announced the resignation of Mr. Ruth Bryan Owen, a former American minister to Denmark and its acceptance to permit the daughter of the late William Jennings Bryan to campaign for the reelection of Mr. Roosevelt as a private citizen.

12 Hours in Des Moines

Twelve hours will be spent in Des Moines, Friday, he will deliver a bridge across the Mississippi at Hannibal, Mo. at 10 a. m. then reboard his train at Barry, Ill. arriving at Springfield, Ill. early that afternoon for a drouth conference.

Mr. Roosevelt drove to Mount Rushmore yesterday after attending services at the Rapid City Episcopal church.

From a valley below the huge memorial busts of Washington, Jefferson, Lincoln and Theodore Roosevelt, a Lincoln and Theodore Roosevelt statue is being carved on the mountain. He witnessed five blasts of dynamite that sent boulders down the hillside.

"Mr. Borglum has well said that this can be a monument and an inspiration for the continuance of the democratic republican form of government, not only in our own beloved country but we hope through the world," Mr. Roosevelt said.

Recalling that the late President Coolidge had dedicated the figure of Washington he said there would be dedications in later years to other presidents of Lincoln and Theodore Roosevelt.

NEW POST TAKEN BY F. D. GLOSSER

Will Take Charge of Marion Steam Shovel Co. Foundry Operators Tuesday

Frank D. Glosser of 600 Mt Vernon avenue has resigned effective today as a vice president of the Osgood Co. and president of the Commercial Steel Castings Co. an Osgood subsidiary in order to accept a position with the Marion Steam Shovel Co. in charge of foundry operations.

Mr. Glosser will assume his duties at the Marion Steam Shovel Co. Tuesday.

He has been associated with the Commercial Steel Castings Co. since 1919 and with the Osgood Co. since the companies were consolidated in 1925.

DROWNING VICTIM'S FUNERAL TUESDAY

The funeral of Darrell F. Mitchell of 902 East Center street, who was drowned Friday afternoon in Chilpewa lake near Big Rapids, Mich., will be conducted Tuesday at 2 p. m. at the home and at 2:30 p. m. at the Central Christian church. Rev. J. B. Swain will officiate. Burial will be made in the Marion cemetery. The body may be viewed at the home.

Mr. Mitchell was a member of a party of Marion residents who had gone to the Michigan resort for a week's fishing.

OHIOAN FOUND HANGED COLUMBUS, O., Aug. 31—John Kuchner, 65, was found hanged yesterday. Neighbors say he had been ill.

Fire and Police Service Records Show Big Profit

Actual Cash Returns Provide Strong Arguments for Proposed Special Levy

By The Associated Press

Although the fire and police departments are generally classed as branches of the municipal government that do not yield any revenue, the city records of the two departments in Marion show that either could claim a substantial profit on its operations for any one year.

Officials interested in these departments have called attention to the records in view of the special one-half cent levy to be submitted to Marion voters at a special city election Sept. 4 to employ full-time firemen and policemen.

The city fire department according to its records might be justified in claiming a profit of \$558,507.77 from last year's work alone. It arrived at this figure by subtracting from the value of each property damaged by fire and the amount of damage caused before firemen put out the flames.

Profits Figured

Records show that fire caused \$17,682 damage to property with a total of \$558,507.77 in Marion last year. Assuming these properties would have been totally destroyed had it not been for the services of firemen, it is probably fair to credit firemen with saving property worth the difference between these two figures—\$540,825.77.

Subtracting from this figure the operating costs of the fire department last year, \$81,000.00, and there remains a profit of \$459,825.77 for the department for a period of 12 months.

On the same basis of computation, the department could have shown a profit of \$723,313.41 in the year 1934.

Inspection of police department records shows that department also can claim a profit for its 1935 work.

The police report for the year shows that stolen property valued at \$325,712 was recovered by the department in 1935 and that the prosecution of persons arrested by police resulted in the collection of fines totaling \$11,677.58. From the total of these two figures—\$44,389.58—subtract the \$27,332 required to operate the department last year and a profit of \$17,057.58 remains.

Estimate on Each Fire

In a recent issue of the International Fire Fighters' publication of the International Association of Fire Fighters, a Maywood, Ill. fireman estimates that the fire department "makes" approximately \$1,000 every time it answers a fire call. He contends that when a fire department receives an alarm of fire and responds to it and upon arriving at the scene finds a fire in the basement of a residence valued at about \$5,000 and by the use of its equipment and the efficiency of the fire department confining the fire to

STEEL OPERATIONS REACH NEW SIX YEAR PINNACLE

Output Increases in Four Districts as Others Hold Steady Despite Auto Plant Decline.

By The Associated Press

CLEVELAND, Aug. 31—Steel works operations reached a new six-year high last week, the magazine Steel said today by advancing one point to 72 per cent of capacity.

Operations increased in four districts, including Pittsburgh and Youngstown, while all of the other steel centers held at the rates prevailing during the previous week, the magazine said. "This rate was maintained despite a decline of 19,772 units in automobile production."

The publication noted a "more settled tone" in the scrap markets of several districts although the upward trend continued. Steel prices of scrap prices increased 10 cents in 1935, the magazine said.

The Pittsburgh district operating rate rose two points to 74 per cent. Wheeling three to 64, Youngstown five to 70 and New England seven to 68.

The publication pointed out that "awarding of contracts for ten destroyers and five submarines will result in the purchase of a large amount of steel."

"Prospect for railroad equipment buying in the fall are excellent," Steel said. "Indications are that at least 100 locomotives will be ordered by five or six eastern railroads within the next few months and that western roads also will be active buyers."

"Tin plate mills are still six to eight weeks behind on deliveries," the magazine said.

NOTE: WE SUGGEST THAT ALL WHO CAN, ATTEND AFTERNOON PERFORMANCE IN ORDER TO AVOID
THE LARGE EVENING CROWDS.

COMING!

THE GENERAL MOTORS PARADE of PROGRESS

EXPOSITION
REAR CENTRAL JUNIOR HIGH SCHOOL
NEXT TO PALACE THEATRE

TUES.—WED.—THURS.—SEPT. 1, 2, 3.

OFFICIAL OPENING — TUESDAY 8 P. M.
AFTERNOON AND NIGHT — WEDNESDAY AND THURSDAY

STREET PARADE 4 P. M. MONDAY, AUGUST 31

Karl W. Schell:

"The General Motors exhibit is distinctly one of the most interesting and educational demonstrations we have witnessed in a long time."

"The citizens of Marion, and particularly our boys and girls have a rare treat in store for them when General Motors will bring their wonderful exhibition of scientific progress to our city."

C. A. Hudson:

"I was very favorably impressed with the demonstration which I witnessed. It is quite worth while."

A. J. Berry:

"The exhibition which has been sponsored by the General Motors Corporation is the most effort I have ever witnessed, in acquainting the public with the vast expenditures made in their experimental laboratories to create new and useful devices and improve those now in use. No one should miss seeing it."

Arthur Van Atta:

"The thing I was impressed with more than anything else was the personnel in charge. They were high-type gentlemen and very efficient. It is really unusual to contact the type of people that they have. Next, I was impressed with the vast number of employees and how well the show was organized. I was very much impressed with the remarks of the Secretary of Commerce—that everything was just as it was represented."

"If people want to see what is to happen within the next 25 to 30 years, they should not miss seeing this show. It is a marvelously show in every respect. Every man, woman and child should attend."

Robert N. Heininger:

"I was most favorably impressed with the General Motors Progress of Science Exposition. It is amazing what scientific investigation is accomplishing in this day and age, which is of great benefit to this as well as to future generations. Our people can not afford to miss seeing this 'Parade of Progress' when it comes to Marion this week."

Chas. Sechrist:

"It is a wonderful display and worth anyone's time to attend it."

George Planck:

"I thought it was a very fine exhibition, and as entertaining as the day I spent at the Great Lakes Exposition. Marion is very fortunate in getting it."

R. D. Luke:

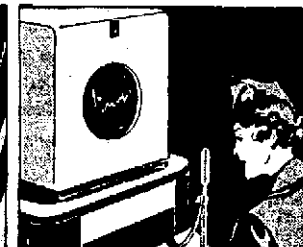

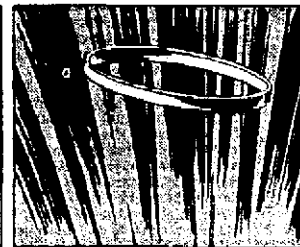

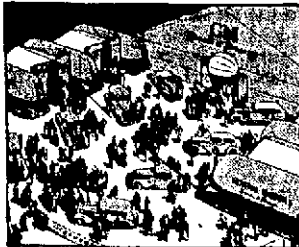

"I was very much impressed. It is a marvelous show. Man has no idea of the things that are in store for us that science has developed to make this world a better place in which to live."

Earl T. Smart:

"The General Motors Parade of Progress is the most interesting and educational exhibition of science and progress that I have ever had the pleasure of witnessing."

"Truly this is a World's Fair on wheels."

"When these giant silver-topped streamliners parade into Marion they should be seen by every man, woman and child in Marion County. It is all so dramatic and exciting that you must not miss it."

SPECIAL ATTRACTIONS! See the marvels of science on display in the huge silver tent!

HOME OF YESTERDAY AND TODAY! See the amazing advances two generations have brought in living comfort and convenience!

SEE THE "MAGIC EYE" TRANS-MIT MUSIC! More amazing than the radio—music traveling a light beam without wires or hidden connections!

SEE "FROZEN MOTION"! Watch the stroboscope make a spinning crankshaft "stand still" while whirling 1700 times a minute!

ABSOLUTELY
FREE

SEE THE LAW OF GRAVITY DIFIED! A magic furnace that makes aluminum rings rise in air! Cold enough to touch but water boils on it!

BEND A RAILROAD RAIL BY HAND! A standard 140-pound railroad rail actually bends under your touch. See it yourself!

SEE YOUR VOICE TURNED INTO LIGHT! Speak, sing, whisper into a microphone and watch your voice dance upon a screen!

PROGRESS IN SERVICE—See the village blacksmith shop in contrast with today's scientifically equipped service station.

Electric Cookery.

On July 1, 1936, domestic rates were reduced. Another reduction will be made January 1, 1937. When in full effect, these reductions will make a saving of 14 2-7 and 40% over former costs, depending upon the amount of current used. All this simply adds to the appeal of electric cookery. Marion electric range dealers plan a concerted sales effort in the weeks ahead. Reasonable down payments and easy monthly installments will obtain a range of standard, recommended make. Dealers' stocks are complete and new ranges will be installed in the home without charge for Marion purchasers or those served by C., D & M. Electric Co.

COUGHLIN ASKS REMOVAL OF CAPITALISM'S TUMORS

Calls for Abolition of 'Private Coinage and Regulation of Money' and Urges Wage Increases

By The Associated Press
MILWAUKEE, Aug. 31.—Charles E. Coughlin asserted today that communism is the only way to save the world from the horrors of capitalism. He urged the abolition of private coinage and regulation of money, and the establishment of a new system of currency.

Addressing a state-wide rally at the National Fairgrounds here, Coughlin said that the present system of currency is a "hoax" and that the only way to save the world from the horrors of capitalism is to establish a new system of currency.

He urged the abolition of private coinage and regulation of money, and the establishment of a new system of currency. He said that the present system of currency is a "hoax" and that the only way to save the world from the horrors of capitalism is to establish a new system of currency.

Heroes To Honor Girl Who Saved Two Ohio Youths

CINCINNATI, O. Aug. 31.—The nation's outstanding heroes in convention assembled here planned a welcome today to the newest and youngest addition to their ranks, 12-year-old Clara Kathryn Van Horn of near Xenia, Ohio.

An escort from the 48th annual session of the Army and Navy League of Valor was to meet the shy little girl from the village of White Cottage who last February saved two boys from death beneath a train by throwing herself into the path of their sled headed out of control toward a crossing.

National Commander Ralph W. Pohrt of Boston said she would reign as queen of the convention.

Members gathered last night for a memorial service honoring 12 of their number who have died since last year. The organization is composed solely of persons who have won the distinguished service cross congressional medal of honor or similar decoration for outstanding bravery.

The legion in turn bestows its own award and in the case of little Miss Van Horn she will receive it direct from President Roosevelt after he returns from his drouth tour.

Gov. Martin L. Davey is to address the convention at a closing dinner session Wednesday night.

COL TURNER HURT IN PLANE CRASH

By The Associated Press

GALLUP, N. M., Aug. 31.—Col. Roscoe Turner, holder of the transcontinental east-west air record crashed on a little Zuni island farm approximately 65 miles south of here early yesterday but survived the wreckage of his biplane like racing plane with some hurt ribs.

En route to New York for the start of the Bendix trophy race this week Col. Turner was forced down when his throttle broke. Twelve hours after the crash Turner, sore and weary, was brought to a hotel here by a government Indian service man after he had ridden eighteen miles on horseback to the little town of Zuni in the heart of the reservation.

265 SCORE MARKS BOWLING OPENER

High Mark Set by T. R. Fahey at Recreation Alley

Tim R. Fahey of 34 Hane avenue recorded a 265 score in the first days bowling at the Marion Recreation alley Saturday afternoon. Fahey hit the maples for eight straight strikes topped seven pins with the first ball in the ninth frame and finished with two spare or the high game.

Fahey's score which broke a new record will stand for a great part of the bowling season was recorded by Arthur Wintersteller manager of the alley. About 100 games were bowled over the weekend during the informal open house.

Official opening of the alley is set for early in October.

OIL FIRM EXECUTIVE CLAIMED BY DEATH

By The Associated Press

OXFORD, O., Aug. 31.—A long career in banking and utility management was closed today in the death of Fletcher S. Heath, 72, an organizer vice president and director of the Pure Oil Co.

Heath died in a Cincinnati hospital late yesterday and his body was returned here last night for funeral services Tuesday.

5,000 Spectators Attend Regatta On Scioto River

THIRTY DRIVERS FROM FIVE STATES TAKE PART IN BOAT RACES

Read Hughes Wins Marion County Event One Accident Mars Program

A crowd of 5,000 persons gathered on the Scioto river bank to witness the annual Marion County regatta. Thirty drivers from five states took part in the boat races. The program was marred by one accident.

Read Hughes won the Marion County event. One accident mars the program.

Jack Riley of Marion was killed in a crash during the regatta.

Shirley, Betty of Project came in first winning the county championship.

Two boats were held in each of the Class A, B, C and open events.

Our Wood Jr. son of the famous Wood family was unable to be present when the regatta at Marietta in which he was to have been entered Friday and Saturday were postponed to yesterday.

Five drivers were entered in the Class A races which were both won by Bob Meyers of Evanson, Ill. in both events.

Neil Harrison, The Flying Barber of Vermillion took the first event in the Class B races.

Joe Schmitt finished fourth in the second turn at the start of the heat to finish in fourth place.

Wayne held the front position and held it during the entire four and one-half laps.

Winning Class C event was won by Wayne O. Evans.

Bob Meyers piloting V-2 took first place in both of the Class C races.

Harry Vogt of Madison Wis. driving a 60-horse power Class B craft won the first event in the open race after a thrilling battle.

The complete results of the races follow:

Class A first heat—Bob Meyers of Evanson, Ill. Carl Stoner of North Baltimore, Md. J. Acquisti of Wayne, Ind. Joseph Vogt of Cleveland time 4:33 second heat—Bob Meyers Carl Stoner J. Acquisti time 4:30.

Class B first heat—Neil Harrison of Vermillion, Ohio. Harry Vogt of Madison Wis. John Kordell Jr. of Cleveland time 4:21 second heat—Leo Schmitt of Ft. Wayne, Ind. Ollie Reigel of Harrison, Ind. time 4:25.

Class C first heat—Bob Meyers of Evanson, Ill. William Mattox of Marion time 4:45 second heat—Bob Meyers Leo Schmitt Ollie Reigel of Harrison time 4:25.

Open event first heat—Harry Vogt of Madison Wis. Bob Meyers of Evanson, Ill. Harry Vogt of Madison Wis. time 4:20 second heat—Bob Meyers Leo Schmitt Ollie Reigel of Harrison time 4:25.

Illinois Driver Wins at Marietta

MARIETTA, O. Aug. 31—Howard Frazier of Rantoul, Ill. made a grand slam in the closing events of the Mid-East regatta yesterday.

He drove his outboard motor boat over choppy water to win all three heats of the Charles G. Daves gold cup race.

He took first place in the class F professional division race. Ten thousand shivering spectators lined the banks.

In four games of a recent series against the Pittsburgh Pirates the Brooklyn Dodgers stole six bases—twice the Dodgers pilfered the third pillow.

Golf Title Won by Californian

Dorothy Traung left sharp-shooting golfers from San Francisco when she defeated Marion Milley in the final round of the Western Women's Amateur tournament at South Bend, Ind. She is shown in the picture.

San Francisco Golfer Wins in Finals from Miss Bea Barrett

By The Associated Press
SOUTH BEND, Ind., Aug. 31—Dorothy Traung, of San Francisco, won the Western Women's Amateur golf championship today by defeating Marion Milley of San Francisco in the final round of the tournament.

The San Francisco girl won her final match from Bea Barrett, 19-year-old Minneapolis girl, in a high wind which wrecked Miss Barrett's usually brilliant game.

2. Do not hook automobiles.
3. Do not ride on sidewalks.
4. Do not race or congregate on street where traffic is heavy.
5. Do not haul passengers at any time.
6. "Trick" riding is for circus people and should not be practiced on street.

Forest Glen Memorial Park
Insures Not Only
PERPETUAL CARE
BUT
PERPETUAL RESPECT

Because it partakes of all the scenic attractions of a
beautiful park...because its magnificent landscaped
vistas; magnificent floral effects and the majestic grand-
eur of its forestry makes it a thing of civic pride it will
endure in the respect and reverence of the community
throughout coming generations.

It will survive the march of progress that usually
sweeps aside the ordinary cemetery that is in the path of
the spread of a city's growth. Hence Forest Glen Me-
morial Park not only insures perpetual care but perpetual
reverence as well.

1. Stay on far right side of street at all times.

2. Do not go on streets or highways at night without proper lights—and then proceed very carefully.

3. Be sure your bicycle is in good repair at all times, brakes are essential.

4. Keep in mind, while riding, "I'll protect my life—I'll protect others."

This Sheaffer Visible-Barrel Pen Can Pass Any Exam!

It's a favorite with students and business men alike for this visible-Sheaffer pen can pass any test you set. Its Feathertouch point writes your normal script or a thin fine line. With one stroke it fills, empties with force, and cleans, thus keeping in best writing condition. Remember that all Sheaffer Pens are one-stroke vacuum-fillers, whether of the lever or visible-barrel type. Come in and put this new-principle pen through its paces to your own satisfaction. From \$5 up—other Sheaffer pens from \$1.75 up.

Safety, Comfort, Protection,
Style and Wear!

Why take chances

WITH YOUR BOY'S LIFE

ON RAINY DAYS!

Don't let your boy be one of the many thousands who are injured or killed each year by motorists who cannot see dark-colored rainwear against the darkness of rainy days!

To be seen is to be safe and the "U. S." Boys' Patrol is white for safety. It is a coat which every boy will like to wear. Easily washed in soap and water.

The broad brimmed Squam hat prevents water from dripping down his neck. It is good looking too!
